Leicester hop!

Hop! Your new city centre circular **FREE** bus service.

Serving Haymarket, Highcross, Jubilee Square, Leicester Royal infirmary, Railway Station and the Market.

Running up to every 10 minutes Monday to Saturday from 8am until 6pm.

The service is being operated as part of an 18 month trial, which allows us to learn and change anything that is not working as we go along.

Aims of the project:

- to improve accessibility from bus stops and stations to key places around the city centre
- to provide free, accessible travel for all users
- to operate a frequent, quick and reliable service.

Your new Hop! service

Operated by fully electric buses with zero emissions, allowing for a quieter, smoother ride, as well as helping to keep the air across Leicester cleaner and fresher.

Free Wi-Fi and USB charging ports are fitted on each seat to allow you to stay connected and charge your mobile or tablet whilst on the move.

On board and at stop passenger information displays are fitted throughout the service, with audio-visual next stop announcements to help make travel more accessible.

The Hop! service serves the marked bus stops shown on the map above.

Please signal clearly for the bus when it is approaching your stop to ensure the driver stops for you.

The service provides a frequent link from transport hubs to many attractions and businesses across the city centre, helping improve accessibility for everyone.

Working towards a Net-Zero City

The Hop! service forms part of the Leicester Buses Partnership plan of improvements over the next 8 years.

The aim is to bring about a transformative change in bus travel, that's electric, frequent, reliable, easy and great value.
